

INSTRUCTION SHEET

MOBILE LAUNCH PAD

1. This is a constructional toy.
2. The two sets of 'Concealed wheel tracks' snap in to the base of the launching platform. (See Sketch 'A' & 'B').
3. The Launching Gantry consists of 3 sections and a hand operated 'Cherry-Picker' crane. These 4 parts snap on to each other. (See Sketch 'C' to 'F').
4. There are two connecting gantry gangways. These fit in. (See Sketch 'E').
5. The rocket is in 4 sections:-
 - a) 1st Stage - (S-IC)
 - b) 2nd Stage - (S-II)
 - c) 3rd Stage - (S-IVB)
 - d) 4th Stage - Command Module
 These snap on together. (See Sketch 'G', 'H' & 'I').
6. The Command Module can be lifted by the 'Cherry-Picker' crane and fitted into position. (See Sketch 'G' & 'I').
